## Day #1- September 30 (Monday)

### Welcome to Cincinnati!

### Newport Aquarium

Located across the river from Cincinnati, OH in Newport, KY, the Newport Aquarium is home to thousands of animals in a million gallons of water. It's easy to spend a full day here: Walk through the coral reef tunnel, marvel at the freshwater creatures that live in the Amazon Tunnel, and walk across Shark Bridge—a 75-foot suspended rope bridge that dangles just inches above a tank filled with sharks, rays, and fish.

### Hard Rock Cafe Cincinnati

Cincinnati is the Queen City of the Midwest, and now we've just added some rock and roll royalty to sweeten the deal! Inside the coolest neighborhood of Pendleton, you'll find the newest destination for classic grub with a little flair from the globally recognized Hard Rock brand: Hard Rock Cafe Cincinnati. Filled with rock and roll memorabilia, our cafe has dining and entertainment on the main dining room floor as well as VIP balcony seating and covered patio dining. The Rock Shop, located on the main casino floor, offers Hard Rock merch like pins, t-shirts, and other collectable items.

### Check into the hotel

Hyatt Place Cincinnati/Blue Ash

## Day #2 October 1 (Tuesday)

### Breakfast at the hotel

### Ark Encounter

Ark Encounter is a Christian young Earth creationist (YEC) theme park that opened in Williamstown, KY in 2016. The centerpiece of the park is a large representation of Noah's Ark based on the Genesis flood narrative contained in the Bible, at 510 feet long, 85 feet wide, and 51 feet high. The theme park promotes YEC beliefs about the age of the universe, age of the Earth, and co-existence of humans and non-avian dinosaurs.

### Ararat Ridge Zoo

Visit animals of all shapes and sizes at the Ararat Ridge Zoo! It's fun for all ages and provides biblical teaching on the animal kingdom.

The zoo, Children's Zoo, kangaroo walkabout, and animal shows are included with Ark Encounter admission. Camel rides and camel encounters have an additional cost.

### Creation Museum

The Creation Museum, located in Petersburg, is a museum that promotes a young Earth creationist (YEC) explanation of the origin of the universe based on a literal interpretation of the Genesis creation narrative in the Bible. It is operated by the Christian creation organization Answers in Genesis (AiG). Reflecting YEC beliefs, the museum depicts humans and dinosaurs coexisting, portrays the Earth as approximately 6,000 years old, and disputes the theory of evolution.

### Montgomery Inn The Boathouse

Welcome to Montgomery Boat House in Cincinnati, where barbecue bliss meets riverside charm! Nestled along the tranquil banks of the Ohio River, our restaurant offers a relaxed atmosphere and mouthwatering barbecue delights that will leave you craving more.

## Day #3 October 2 (Wednesday)

### Volunteer / Service Project - organized by the client

### Krohn Conservatory

Wander through Cincinnati's own "Garden of Eden"! Located within Eden Park, Krohn Conservatory is an incredible botanical garden filled with over 3,500 plant species from around the world. It's widely recognized as one of the country's largest public greenhouses. It also draws architecture buffs, as the 1933 building is a classic example of the Art Deco style. During a visit to Krohn Conservatory, you can explore seven distinct collections, including the tropical Palm House and the Orchid House, plus six seasonal exhibits.

### Findlay Market

Discover the heart of Cincinnati's culinary scene at Findlay Market. Established in 1852, this historic marketplace in Over the-Rhine is a vibrant hub of local flavors, artisans, and community spirit. Explore diverse stalls offering fresh produce, artisanal goods, and global cuisine. With its lively atmosphere and rich history, Findlay Market invites you to experience the essence of Cincinnati in one dynamic location.
