

Title: Artificial Intelligence Revolution

Text: *"For the LORD gives wisdom; from his mouth come knowledge and understanding...No wisdom, no understanding, no counsel can avail against the Lord." (Proverbs 2:6, 21:30)*

Target: Embracing technology can't be at the expense of replacing God with technology.

I. A.I. _____ : Understanding Artificial Intelligence

A. Definition: Development of computer systems that utilize machine learning to perform tasks that typically require human intelligence, such as problem-solving, learning, pattern recognition, and decision-making.

B. Types: Narrow and General.

1. Narrow AI: Perform specific tasks, such as voice recognition, pattern recognition, and suggestion. (Ex. Siri, Alexa, Google Home, Amazon, Netflix, Google Maps)

2. General AI: Aims to replicate human-level intelligence and perform any intellectual task that a human can do. (Wall-E, Terminator, I-Robot)

II. A.I. _____ : Extension of Human Intelligence

A. Human Intelligence: John McCarthy. American Scientist who coined the phrase A.I. in 1956: Human intelligence includes the ability to have logic, reasoning, conceptualization, self-awareness, learning, emotional knowledge, planning, creativity, abstract thinking, and problem-solving.

B. Artificial Human Intelligence: Creating computer systems that mimic the above-mentioned. *Ask the question: What can't be manufactured in A.I. technology?

III. A.I. _____ : Understanding the Pros & Cons

A. Advantages: Reduction of Human error, 24/7 availability, digital assistance, and repetitive jobs. (**Health Care**-aiding in disease detection, diagnosis, and treatment. **Transportation**-Autonomous vehicles. **Education**-personalized learning experiences. **Financial Banking**-Detecting fraud, personalized financial services. **Customer Service**- Chatbots, virtual assistants).

B. Disadvantages: Replacement of people in positions. (**Elimination of Jobs**-unemployment and economic disruption. **Socioeconomic Divide**-Not everyone can afford technology. **Security and Privacy**-AI is dependent on key personal information. **Overdependence** of human skill. (Ex. Autocorrect & spelling)

IV. A.I. _____ : Aggregate personalized data for Impersonation *Ex. Cybercrime, Deepfakes, Social Engineering, Identity Theft

V. A.I. _____ : By the Developers and the User. *Advancement is outpacing regulations and sanctions

A. Unbiased Filters: Ensure that the datasets are enlarged, not narrowed.

B. Human Flourishing: Outcomes should be for the betterment, not detriment.

C. Plagiarism: AI technology does not substantiate the source.

VI. A.I. _____ : Framework of the Kingdom Built Upon Five Pillars: (Mark 1:15)

A. Existence of God: Source of Wisdom, Understanding, Knowledge. (Job 12:13).

B. Eternality of Humanity: Created with a soul to worship. (Ecc. 3:11)

C. Need for Community: Longing for belonging & acceptance. (Genesis 2:18)

D. Sense of Purpose: Innovate, create, build. (Matthew 25:15)

E. Life on Mission: Delivering real hope in Jesus. (1 Peter 3:15)

Takeaway: AI can you give information, but only the Gospel of Jesus Christ can give you revelation that creates soul transformation.
